

AccessibleEU at Four Years: Advancing Accessibility to Strengthen Europe's Competitiveness

Venue: Espacio Ventas. Calle Alcalá, 182. 28028 Madrid

Date: 24 and 25 November 2026, 9:00-17:30 (CET)

Format: Hybrid. Livestreamed from 9:00 to 14:00 both days

Language: English with translation into Spanish

Register: https://ec.europa.eu/eusurvey/runner/797ea5f5-3dc0-1e39-d5dd-0ae55dbf3831

Organised by:

European Accessibility Resource Centre - AccessibleEU

Working together to build a more accessible European Union.

We move with you!

Consortium composed of:

1. Context

AccessibleEU, the European Commission's Resource Centre on Accessibility, celebrates its first four years of activity. Since its launch, the initiative has become a key driver in advancing accessibility across the European Union, supporting Member States, businesses, professionals and civil society in implementing accessibility policies, standards and best practices.

This milestone provides an ideal moment to reflect on progress, strengthen strategic alliances and outline the future direction of accessibility in Europe. The event will convene high-level representatives from national governments, EU institutions, the private sector, academia and organisations of persons with disabilities.

In its first four years, AccessibleEU has:

- ✓ Built a pan-European network of accessibility experts.
- ✓ Produced technical guidance, methodologies and tools to support implementation of accessibility requirements.
- ✓ Strengthened cooperation among Member States in the context of the European Accessibility Act (EAA).
- ✓ Promoted best practices across key sectors: transport, built environment, digital accessibility, services and standardisation.
- ✓ Fostered dialogue between public authorities, industry, academia and civil society.

This event will showcase these achievements while reinforcing AccessibleEU's role as a strategic catalyst for accessibility transformation in Europe.

In addition, throughout both days of the event, an exhibition area will feature innovative startups and technology providers developing accessibility solutions and assistive technologies for persons with disabilities. This innovation showcase will offer participants the opportunity to discover emerging

technologies, exchange knowledge with entrepreneurs and explore practical solutions that are transforming accessibility across different sectors.

Furthermore, the programme on 25 November will be organised in collaboration with EVIA, the Technology Platform for Independent Living and Accessibility, jointly promoted by Fundación ONCE and Multisectoral Association of Information Technology, Communications and Electronics Companies (AMETIC) since 2008. This collaboration will strengthen the dialogue between policymakers, industry leaders, researchers and innovators, highlighting the strategic role of accessibility-driven innovation in Europe's competitiveness and digital transformation.

2. Objectives

General Objective

To present the key achievements of AccessibleEU during its first four years, strengthen strategic alliances and outline a shared vision for the future of accessibility in Europe.

Specific Objectives

- Highlight the milestones and impact of AccessibleEU.
- Bring together high-level representatives from the five strategic pillars of AccessibleEU through dialogues with leading international accessibility figures in:
    - Accessible Transport
    - Built Environment
    - Digital Accessibility and Technology
    - Standardisation
    - Rights and Participation of Persons with Disabilities

- Showcase European best practices selected for their innovation and replicability.
- Promote innovative accessibility solutions by providing visibility to startups, assistive technology developers and emerging enterprises working to improve inclusion and independent living for persons with disabilities.
- Strengthen cooperation with key institutions:
    - European Commission
    - National governments
    - Business sector
    - Organisations of persons with disabilities
    - Professional bodies
- Present and discuss the future of accessibility in Europe and beyond.

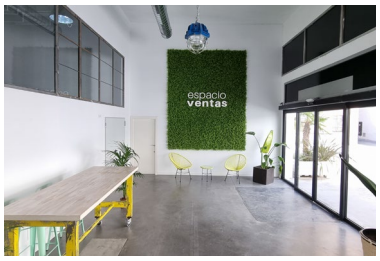

This addition fits perfectly with the event's positioning as a platform for innovation, competitiveness and knowledge transfer. It also provides valuable visibility to both the EVIA-AMETIC collaboration and the growing ecosystem of accessibility and assistive technology startups, showcasing how innovation can contribute to greater inclusion, independence and quality of life for persons with disabilities.

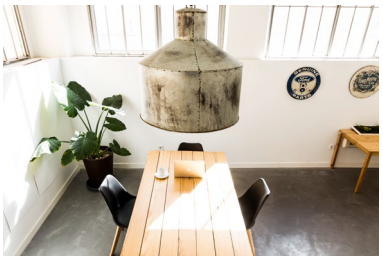

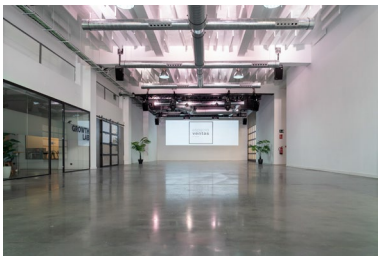

3. Target Audience

- EU institutions and national authorities
- Business sector and industry associations
- Organisations of persons with disabilities
- Accessibility, universal design and standardisation experts
- Universities and research centres
- Media specialised in social policy, innovation and accessibility

4. Venue

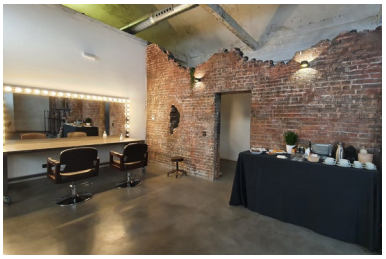

The event will take place at **Espacio Ventas**, a modern and versatile venue located in the heart of Madrid. The venue provides an ideal setting for conferences, meetings and innovation-focused events, fostering networking, knowledge exchange and collaboration among participants.

In line with the event's commitment to inclusion and equal participation, the venue offers accessibility features designed to facilitate access and participation for people with disabilities. Should you require any specific accommodation or accessibility support, please let us know in advance and we will be pleased to assist.

Venue Address
Espacio Ventas
Calle Alcalá, 182
28028 Madrid, Spain

For directions and location details, please visit:Espacio Ventas. Calle Alcalá, 182. 28028 Madrid

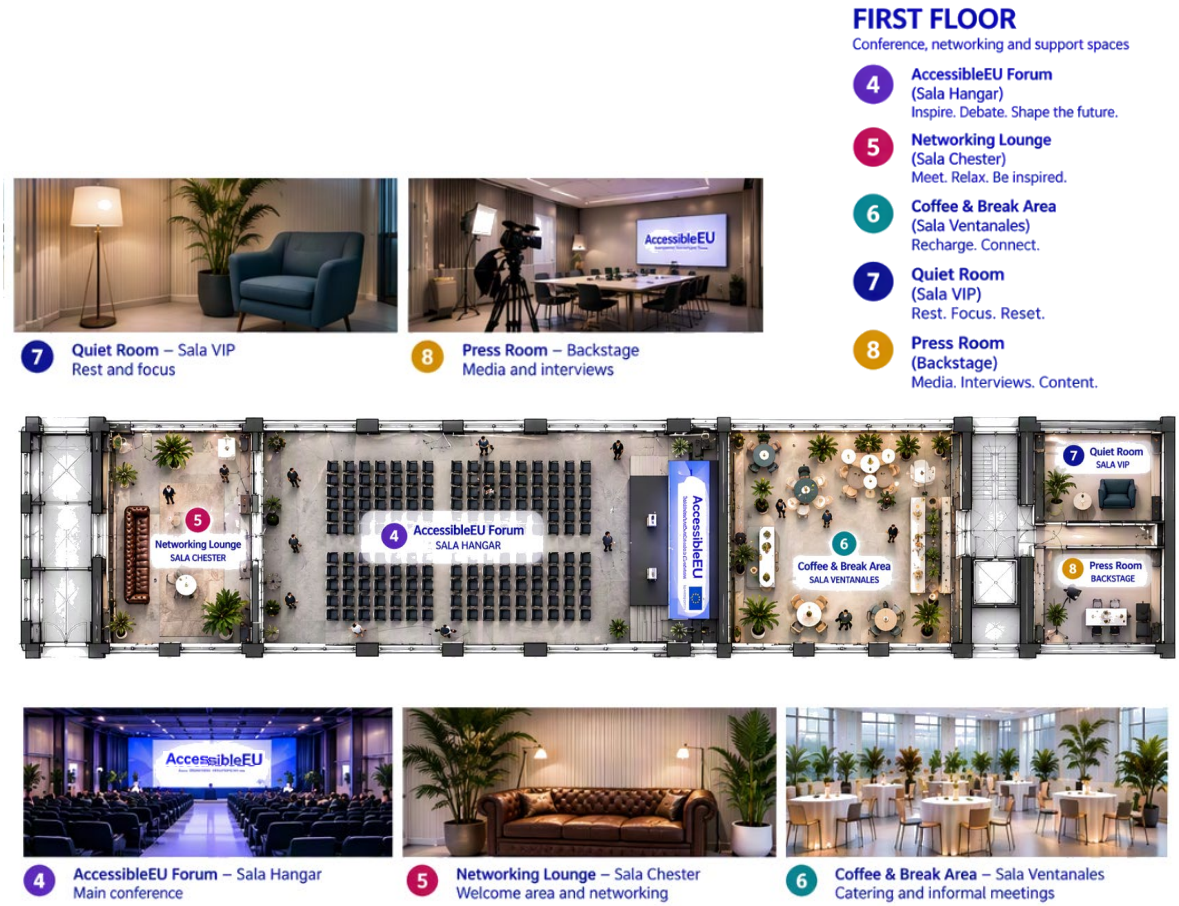

Addition fits perfectly with the event's positioning as a platform for innovation, competitiveness and knowledge transfer. It also provides valuable visibility to both the EVIA-AMETIC collaboration and the growing ecosystem of accessibility and assistive technology startups, showcasing how innovation can contribute to greater inclusion, independence and quality of life for persons with disabilities.

  Personal Autonomy, Technology and Accessibility Department
  and the Centre for Typhlotechnology and Innovation (CTI)
- **Igor Stefanovic,** UN Tourism Coordinator for Accessibility, Culture and Indigenous Peoples
- **Victor Calise,** Director of the Global Accessibility Center of Excellence, Walmart

12:15 – 13:15 | EXPERIENCE CORNER 1_ ACCESSIBLE EU ADVISORY BOARD

Members of Accessible EU´s Advisory Board sharing their experiences and how Accessible EU has impacted in their fields.

Moderated by: **Ann Frye,** Senior Expert of AccessibleEU

- **Pete Kercher,** founder-member of European Institute for Design and Disability (EIDD)
- **Vanessa Pérez**, CX & Accessibility Senior Advisor Passenger Department Unión Internacional de Ferrocarriles (UIC)
- **Luis Fernández Sanz,** President of Council of European Professional Informatics Societies CEPIS
- **Sebastien de Brouwer**, Deputy CEO and Chief Policy Officer European Banking Federation (EBF)
- **José Martínez-Usero.** Director for Projects DIGITALEUROPE
- **Dominique Archambault,** President AAATE

13:15 – 14:15 | EXPERIENCE CORNER 1_ EC Access City Award

This panel will bring together representatives from award-winning cities to share their experiences, challenges, and achievements in advancing accessibility. The discussion will explore how the Access City Award has supported the development and implementation of inclusive policies, accessible environments, and innovative solutions, contributing to a better quality of life and equal participation for all citizens.

Moderated by**:** **András Zsigmond**, Deputy Head of Unit European Commission Directorate-General Justice and Consumers

- **Inmaculada Placencia,** Expert of the CRPD Committee
- **Representative City of Zaragoza**
- **Stefanie Vasold, City of Vienna**
- **Carisa Delgado City of Luxembourg**
- **Maria Bernström Printz City of Gothenburg**
- **Lisa Batelier, City of Rennes**
- **Magnus Nilsson, City of Skellefteå**

14:15 – 15:30 Lunch Time

15:30 – 17:30 Networking activities (held exclusively in person)

15.30 – 16:00 ACCESSIBLEEU INNOVATION DEMOS

- Marsi

16.00 – 17:00 ACCESSIBLEEU INNOVATION SHOWROOM

17:00 – 17:30 ACCESSIBLEEU INNOVATION SPOTLIGHT

- Visualfy
- Asteroid
- Okeneea
- Robopedics

DAY 2, November 25th 2026

08:30 – 09:00 | Registration and Welcome Coffee

General Assembly of the EVIA Platform

09:00 – 09:15 | INSPIRING CORNER 2

- **Teresa Riesgo**, Secretary General for Innovation at Ministry of Science and Innovation of Spain

09:15 – 09:30 | EVIA Platform

- **Francisco Hortigüela,** President of Multisectoral Association of Information Technology, Communications and Electronics Companies (AMETIC)
- **Jesús Hernández,** Director of Accessibility and Innovation at Fundación ONCE and Director of the European Accessibility Resource Centre (AccessibleEU).
- **Paula Sánchez**, eVIA Platform Coordinator

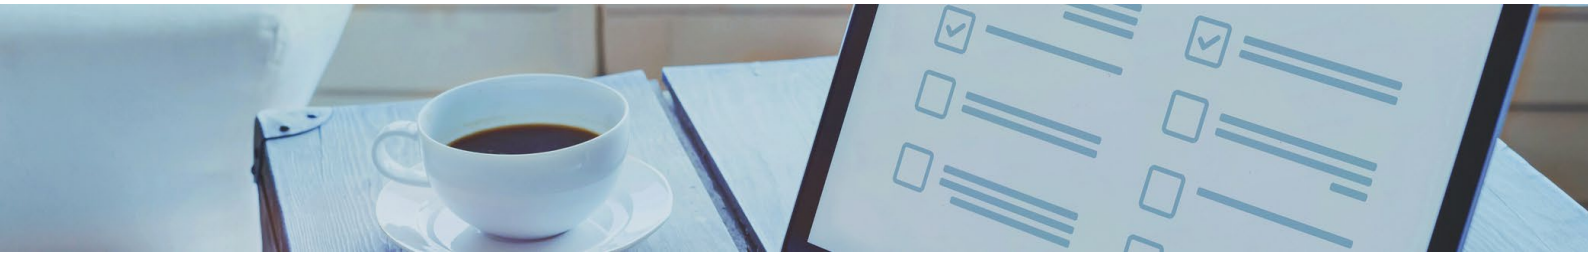

09:30 – 10:45 | High-Level CORNER 2_ Digital Accessibility and Technology

This panel will examine how digital transformation and artificial intelligence are reshaping accessibility and inclusion across Europe. Discussions will focus on the opportunities and challenges of accessibility in the age of AI, the accessibility of digital services and public sector platforms, and the role of innovation in creating more inclusive environments. Through practical examples and emerging trends, the session will highlight how technology can empower persons with disabilities and ensure equal participation in the digital society.

Moderated by: **TBC**

- **Nuria Oliver**, Co-Founder and Scientific Director of the ELLIS Alicante Foundation

- **Christopher Patnoe,** Head of Accessibility Programs at Google
- **Sachin Pavithran,** Executive Director, United States Access Board
- **María Abascal,** Director General, Spanish Banking Association (AEB)
- **Nives Coppari,** European Central Bank
- **Elena Diaz-Alejo**, Brand & Corporate Citizenship Manager at Samsung

10:45 – 11:15 | Short Break

11:15 – 12:00 | High-Level CORNER 3_ Public Policies and Standardisation
